HEAD

**WHAT'S
YOUR
LIMIT?**

Welcome Rebels

TO THE 2019 - 2020
WORLD CUP SEASON!

Rainer Salzgeber

We are excited to kick off a brand new season of ski racing with a new line up of innovative and improved equipment that you won't find anywhere else on the planet. As Rebels, we have the courage to do things differently and we are constantly testing and adapting, working side-by-side with the most talented and successful athletes in the world. Behind each and every product is a committed, dedicated, and passionate team that lives and breathes skiing 365 days a year.

We try to work the harder, smarter, and more efficient in crafting the most state-of-the-art products, while never compromising the safety. So you can always trust that our products will lift you to achieve your goals. Through our combined achievements this past year on the World Cup and World Championships in Are, we are confident that we will continue to push the limits of skiing. We wish you a wonderful season and we want you to know that with HEAD products your potential is limitless.

Race Combo

WHEN YOU'VE SEEN THE SPEED OF LIGHT

A hundredth of a second isn't the difference between first and second, it's the difference between winning and nothing at all. If you race, you understand. A centimeter is the grandest of canyons, and there's no such thing as fast enough. But thanks to our athletes and their insatiable demand for more speed, better speed, and faster speed, we're all going a lot quicker.

This is trickle-down technology at its finest. Though anything that is so fast could hardly be called a trickle.

WHEN YOU'VE SEEN
THE SPEED OF LIGHT
WHEN YOU LIVE ON THE EDGE
WHEN ADRENALIN
IS YOUR ONLY FUEL
WHEN YOU ARE THE ONLY
OPPONENT TO BEAT

WHAT'S YOUR LIMIT?

Behind the **scenes**

IT'S EASY TO LOOK AT A SKI OR A BOOT AND FORGET ABOUT THE WORK THAT WENT INTO IT.

That's the problem with brilliant engineering: it only makes itself apparent when the ski disappears beneath you. It's the problem with incredible design: a boot can be so sublimely comfortable that you can totally focus on other things - like the finish line. And it's the burden of every athlete - the faster they go, the easier they make it look.

At HEAD, we're inspired by those who push themselves, drive the sport, and create solutions. And if you ever get to visit our headquarters, you may find that we're inspired pretty much all the time - because we're surrounded by those people every day.

So we'd like to take a moment to say thanks to every staff member and all our athletes. Together, you're pushing the industry forward, and inspiring more and more people to put on skis and discover this beautiful sport.

And every time we ask you What's your limit? The answer only opens another question,

WHAT LIMIT?
